

AGENDA ITEM FOR ADMINISTRATIVE MEETING () Discussion only
(XXX) Action

FROM (DEPT/ DIVISION): UCo Health

SUBJECT: Creation of New Position – EH Specialist

<p>Background: Residents in the LUBGWMA have had high nitrates in the groundwater for many years. Recent changes in Public Health funding has allowed for UCo Health to start taking steps to better understand the scope and scale of the health concerns. This is not a problem that will be solved quickly, and additional staffing are needed to better address these issues, provide adequate education to residents, and assist with technical advice. UCo Health is proposing to create a new Environmental Health Specialist III position. Funding for this position would initially come from OHA Modernization funding and UCo Health Emergency Preparedness/Communicable Disease funding. It is anticipated that additional funding will be provided from OHA to continue this position beyond the current fiscal year.</p>	<p>Requested Action: Approve creation of new Environmental Health Specialist III position effective immediately.</p>
