PLAN OVERVIEW OF COUNTY (DEMOGRAPHIC & GEOGRAPHIC DESCRIPTION)

Oregon's eight largest county, Umatilla County is located in the Northeast corner of the State. The bordering counties are: Morrow County to the West; Union County to the East; Grant County to the South; Benton, Walla Walla and Columbia Counties in the State of Washington to the North.

Umatilla County's population is **79,988 (2021 census)**, and encompasses an area of 3,231 square miles. It is diverse terrain, in that there is abundant low area, along with mountainous terrain (Blue Mountains). Elevation ranges from 534' near the City of Umatilla to Tower Mountain at 6,850' near Ukiah.

Incorporated Cities in Umatilla County include: Adams, Athena, Echo, Helix, Hermiston, Milton-Freewater, Pendleton, Pilot Rock, Stanfield, Ukiah, Umatilla and Weston.

The economy is made up from agriculture, food processing, forest products, tourism, manufacturing, recreation, aggregate production and wind power generation.

Emigrant Hill, also known as Cabbage Hill, on Interstate 84, just east of Pendleton on the Confederated Tribes of the Umatilla Indian Reservation, is a difficult area for emergency responders. The winter fog, freezing temperatures, and the 6-mile-long descent of the hill, has seen many fatalities over the years.

BOUNDARIES

Umatilla County is divided into 7 ASAs. The Board, after notice to the affected ASA provider and by amendment to this chapter, may adjust the boundaries of an ASA from time to time as necessary to provide efficient and effective emergency ambulance services. Coverage of ASA 6 is by agreement with Walla Walla Fire Department. Prior ASA Plans listed ASA 3 as “Umatilla”. **In this plan**, ASA 2 and 3 are merged forming one singular ASA (ASA 2) referred to as “Hermiston/Umatilla”. The County has elected to retain ASA 3 within its numbering sequence as “Unused ASA Number” for the potential future use should a new ASA ever be developed and included into this plan. The seven ASAs are referred to in this plan as:

- 1) Pendleton ASA;
- 2) Hermiston/Umatilla ASA;
- 3) UNUSD ASA NUMBER (RESERVED FOR FUTURE USE);
- 4) Milton-Freewater ASA;
- 5) Athena/Weston ASA;
- 6) Mill Creek ASA; and
- 7) Confederated Tribes of the Umatilla Indian Reservation (CTUIR) ASA.

3. Map(s) Depicting “9-1-1”, Fire Districts and Incorporated Cities:

Map(s) depicting boundaries for 911, fire districts and incorporated cities within the county can be referenced in Appendix A of this plan and are a part of this Chapter.

4. Alternatives Considered for Reducing Response Times:

Heavily forested, mountainous terrain and severe winter weather conditions present difficult access and long response time to ground ambulances. In those situations, when an urgent response is indicated, the emergency medical services providers may elect to call the nearest appropriate rotary-wing air ambulance and/or the Umatilla County Search and Rescue for assistance. Emergency medical services providers provide the best available patient care while maximizing the available resources. In some instances, for various reasons, an ambulance service provider from an adjoining county's ASA could respond more quickly to an incident. Umatilla County has 6 (six) ASA's. They are currently listed as 1 through 7 (with 3 being unused). To facilitate better response times, coverage of a SE portion of ASA 1 is currently by agreement with La Grande Fire Department (Union County, OR: [from the east via Highway 244](#)) and coverage of ASA 6 is by agreement with Walla Walla Fire Department (Walla Walla County, WA: [from the north via Mill Creek Rd](#)). Any applicable ASA franchise fee shall be waived for these areas.

SYSTEM ELEMENTS

In order to maintain functional elements of the Ambulance Service in Umatilla County, the following system elements shall be observed;

1. 9-1-1 Dispatched Calls;

Calls requesting emergency services to emergencies are taken by either of two 9-1-1 Public Safety Answering Points (PSAP) in the county. Calls for medical aid are then routed to the appropriate dispatch center (if dispatched from a different location) for agency dispatching. In most instances, once an ambulance crew has been summoned by the dispatcher, there is further capability of radio communications between the ambulance and the dispatcher via mobile or hand-held radios. Requests for mutual aid, other resources or agencies, etc., generally must be arranged with the third-party assistance of the dispatch center (via radio).

2. Pre-arranged Non-emergency Transports, Inter-hospital Transports and Special Events;

Inter-Hospital Patient Transports: Each Franchise retains first right of refusal for non-emergency ambulance transports and inter-hospital ambulance transports. Each Franchisee is authorized to permit, by written agreement, mutual aid, or public/private partnership, non-emergency or inter-hospital ambulance transports of a patient originating within that territory, by another licensed ambulance service agency. Duration of agreements shall last no longer than the term of the franchise. All needs for emergency inter-hospital transports, urgent inter-hospital transports, scheduled inter-hospital transports and pre-arranged/non-emergency inter-hospital transports shall be determined by the hospital requesting a transporting agency Agencies providing transport will communicate to the appropriate PSAP/Dispatch Center indicating time of departure and time of return to service.

Special Events: A Franchisee may grant permission to another licensed ambulance service agency or qualified individual or qualified group of individuals (Example: Medical Reserve Corp) for the purpose of servicing special events or occasions. Permission shall be set forth in writing and state the duration of the event or occasion and whether ambulance transport to a hospital will be allowed. Transport to a hospital may only be performed by another licensed ambulance service agency except as outlined in this plan or by State Statute. violation.
