To the Board of Commissioners Umatilla County, Oregon

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Umatilla County, Oregon for the year ended June 30, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is the responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Umatilla County, Oregon are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by Umatilla County, Oregon during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were the allocation of expenses by function, and depreciation.

The financial statement disclosures are neutral, consistent, and clear.

Umatilla County, Oregon Page 2 June 6, 2023

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 6, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Umatilla County, Oregon's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Umatilla County, Oregon's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Umatilla County, Oregon Page 3 June 6, 2023

Other Matters

We applied certain limited procedures to Management's Discussion and Analysis, which is other supplementary information (OSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the OSI and do not express an opinion or provide any assurance on the OSI.

We were engaged to report on the supplementary information and other schedules accompanying the financial statements but are not required supplementary information (RSI). With respect to supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the modified cash basis of accounting, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information and other schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of Commissioners and management of Umatilla County, Oregon and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Cameron W. Anderson Barnett & Moro, P.C.

Independent Auditors' Report

Board of Commissioners Umatilla County Pendleton, Oregon

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying modified cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Umatilla County, Oregon, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash-basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Umatilla County, Oregon, as of June 30, 2022, and the respective changes in modified cash-basis financial position, and where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund and Public Works Fund for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Umatilla County, Oregon, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Umatilla County, Oregon's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Board of Commissioners Umatilla County Page two

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Umatilla County, Oregon's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Umatilla County, Oregon's ability to continue as a going concern for a reasonable period of time.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Board of Commissioners Umatilla County Page three

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise Umatilla County, Oregon's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, other schedules, and the schedule of expenditures of federal expenditures are fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

Other Information

Management is responsible for the other information included in the annual report. The other information is comprised of Management's Discussion and Analysis on pages 56-66, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material consistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the worked performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 6, 2023 on our consideration of Umatilla County, Oregon's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Umatilla County, Oregon's internal control over financial reporting and compliance.

Board of Commissioners Umatilla County Page four

Other Reporting Required by Oregon Minimum Standards

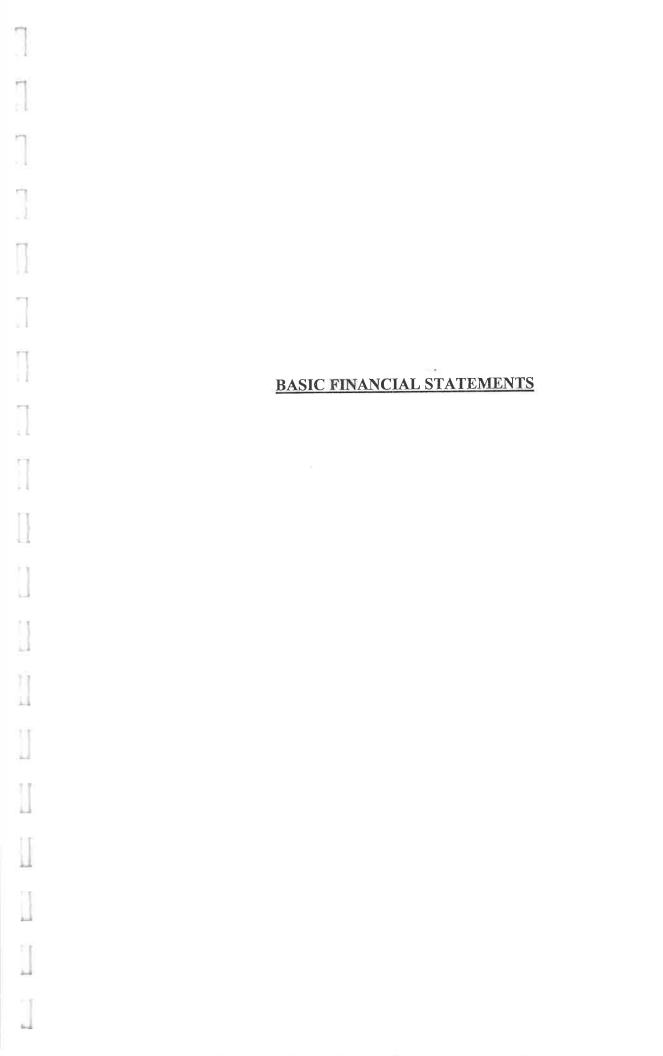

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated June 6, 2023, on our consideration of the Umatilla County, Oregon's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activities - Modified Cash Basis Year Ended June 30, 2022

Net change in fund balances - governmental funds		\$ 15,163,109
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.		
Expenditures for capital assets Adjustment to gain on disposal of assets	\$ 3,681,373 (62,644)	
Less current year depreciation	(5,503,166)	(1,884,437)
Internal service funds are used by the County to charge the costs of vehicle maintenance and other costs to individual funds. The net revenue of the internal service funds is reported with governmental activities.		180,587
Governmental funds reported the prepayment of the PERS unfunded actuarial liability as an Other Financing Use in prior years. However, in the Statement of Activities the expense is the amortization of the prepaid asset.		(990,000)
Principal payments: Bonded debt Notes payable	990,000 33,701	
Capital leases	217,450	1,241,151
Change in net position of governmental activities		\$ 13,710,410

Notes to Basic Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Umatilla County, Oregon (the County) have been prepared in accordance with the modified cash basis of reporting as applicable to municipal governments. This modified basis of accounting differs from accounting principles generally accepted in the United States of America. To the extent they are applicable to the modified basis of reporting, the County applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The more significant of the County's accounting policies are described below.

Reporting Entity:

Umatilla County, Oregon, was organized under statutory provisions of Oregon law on September 27, 1862. The County elected to be governed under Home Rule in 1992. The government of Umatilla County is vested in three county commissioners. Each commissioner is elected at large for a term of four years. The three commissioners exercise governance responsibilities over all activities related to county operations within the jurisdiction set by the State of Oregon. The commissioners, on behalf of the County, receive funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the commissioners are not included in any other governmental "reporting entity" as defined in Section 2100, codification of governmental accounting and financial reporting standards, since they are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. No other entities met requirements for inclusion as a component unit in the financial statements.

Description of Government-Wide Financial Statements:

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The County had no business-type activities for the year ended June 30, 2022.

Notes to Basic Financial Statements June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Description of Government-Wide Financial Statements (continued):

The government-wide financial statements use the economic resource measurement focus, and are presented on the modified cash basis of accounting, as are the proprietary and fiduciary fund financial statements. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets, and liabilities resulting from cash transactions, adjusted for modifications that have substantial support in generally accepted accounting principles. Only cash (and cash equivalents) and items that involve the receipt or disbursement of cash (or cash equivalents) during the period are recognized, except for the following modifications: 1) fixed assets with an original cost over \$5,000 and an estimated useful life longer than one year are capitalized and depreciated; 2) long-term debts have been recorded in the statement of net position. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between County proprietary funds and various other function of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

As a result of the use of this modified cash basis of accounting, certain transactions are not recorded in the financial statements. For example, accounts receivables, accounts payables, and accrued expenses are not reported. Additionally, equity investments in joint ventures are also not reported.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Description of Fund Financial Statements:

The fund financial statements provide information about the government's funds. Separate statements for each fund category, governmental, proprietary, and fiduciary funds are presented. Fiduciary funds are excluded from the government-wide financial statements. The emphasis of fund financial statements is on major funds, each displayed in a separate column. All remaining funds are aggregated and reported as nonmajor funds. The fund financial statements are presented on the modified cash basis of accounting, and use the current financial resource measurement focus.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally results from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Notes to Basic Financial Statements June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Description of Fund Financial Statements (continued):

Since the governmental fund statements are presented on a different measurement focus than the government-wide statements column, a reconciliation is necessary to explain the adjustments needed to transform the fund based financial statements into the governmental column of the government-wide presentation. This reconciliation is part of the financial statements.

The County may fund certain programs by a combination of specific cost-reimbursement grants, restricted federal funds that are payments in lieu of taxes, limited categorical block grants, and general revenues. When program expenses are incurred for which both restricted and unrestricted net position are available to finance the program, it is the County's policy to first apply restricted resources to such programs, followed by general resources.

The financial activities of the County are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. The various funds are reported by generic classification within the financial statements. There are stated minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. Non-major funds are combined in a column in the fund financial statements and detailed in the combining section. The County reports the following major governmental funds:

- The General Fund -- This is the County's primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund.
- The Public Works Fund -- Accounts for the expenditures for construction, reconstruction, improvement, repair, maintenance, operations and use of public highways, roads and streets within the County.

Additionally, the County reports the following fund types:

Special Revenue Funds are primarily operating funds that account for revenue derived from specific taxes or other revenue sources, which are legally restricted to finance particular functions or activities. When a special revenue fund is not an operating fund, transfers are made from the special revenue fund to the operating funds authorized to make expenditures.

Debt Service Funds account for the accumulation of resources and payment of principal and interest on general obligations and other long-term debt.

Notes to Basic Financial Statements June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Description of Fund Financial Statements (continued):

Capital Project Funds account for expenditures on major construction projects or equipment acquisition.

Internal Service Funds account for the printing, communication and information, and vehicle services provided by one department to other departments of the County on a cost-reimbursement basis.

Fiduciary Funds account for assets held by the County for other governmental units. These funds are custodial in nature (assets equal liabilities) and do not measure the results of operations.

Assets, liabilities, and net position/fund balance:

Cash and investments:

Cash includes demand deposits, short-term cash investments, and deposits in the Oregon Local Government Investment Pool (LGIP). The County Treasurer combines each fund's cash in a cash pool which is accounted for monthly.

Oregon Revised Statutes authorize counties to invest in obligations of the U.S. Treasury, agencies and instrumentalities of the United States, bankers acceptances guaranteed by a qualified financial institution, repurchase agreements, interest bearing bonds of any city, county, or port, among others.

The Oregon Short Term Fund (OSTF) is the LGIP for local governments and was established by the State Treasurer. OSTF investments are regulated by the Oregon Short Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). The fair value of the District's position in the pool is the same as the value of its pool shares. Investments are stated at market value. All investments are carried at cost which equals market value.

For purposes of the statement of cash flows, proprietary fund types consider all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents.

Inventories:

The Public Works Fund has significant inventories. These inventories are not recorded as assets. Inventory items are recorded as expenditures when purchased and remain constant from year to year.

Net position flow assumptions:

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

Notes to Basic Financial Statements <u>June 30, 2022</u>

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Fund balance flow assumptions:

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies:

In the fund financial statements, the fund balance for governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

Fund balance is reported as nonspendable when the resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash and include inventories and prepaid amounts.

Fund balance is reported as restricted when the constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the Board of Commissioners pass a resolution that places specific constraints on how the resources may be used. The Board of Commissioners can modify or rescind the resolution at any time through passage of an additional resolution.

Fund balance is reported as assigned when resources are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed. Intent is expressed when the Board of Commissioners approve which resources should be assigned to expenditure for particular purposes during the adoption of the annual budget. The County's Finance Director uses that information to determine whether those resources should be classified as assigned or unassigned for presentation in the County's financial statements.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned.

Notes to Basic Financial Statements June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Property taxes:

Umatilla County assesses, collects, and distributes property taxes for all local governments within the County. Property taxes are billed in October of each year. Unpaid personal and real property taxes become liens against the property on July 1. Property taxes are payable in three installments due November 15, February 15, and May 15. A 3% discount is allowed for full payment by November 15. Interest at 16% annually is charged for late payments.

Capital assets:

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are charged to expenditures as purchased in the governmental fund statements for budget comparison as capital outlay. Capital assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at estimated fair market value as of the date of the donation.

Capital assets are defined by the County as assets with an initial, individual cost of \$5,000 or more, and an estimated useful life of greater than one year. Additions or improvements and other capital outlays that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized. Other costs for repairs and maintenance are expensed as incurred.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including roads and bridges, are also capitalized in the government-wide financial statements. These fixed assets and the associated accumulated depreciation have been provided for in the government-wide financial statements.

Depreciation on exhaustible assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position and is provided on the straight-line basis over the following estimated useful lives:

Street system 40 years
Buildings 50 years
Bridges 20 - 50 years
Furniture and equipment 3 - 20 years

Interest incurred during construction phases of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. During the year, the County incurred no interest expense for capital assets.

Long-term debt:

Long-term debt and other long-term obligations are reported as liabilities in the government-wide financial statements and the fund financial statements of the proprietary funds.

Notes to Basic Financial Statements June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Compensated absences:

Accumulated vested vacation pay is not accrued for governmental funds, since the modified cash basis of accounting is being used. Sick pay, which does not vest, is recognized in all funds when leave is taken.

Income taxes:

The County is a municipal corporation exempt from federal and state income taxes.

Leases:

Leases which meet certain criteria established by the Financial Accounting Standards Board are classified as capital leases, and the assets and related liabilities are recorded at amounts equal to the lesser of the present value of minimum lease payments or the fair value of the leased property at the beginning of the respective lease term. Leases which do not meet the criteria of a capital lease are classified as operating leases.

Short term interfund receivables and payables:

During the course of operation, numerous transactions occur between individual funds for goods provided or services rendered. If any remain at the end of the year, these receivables and payables are classified as "Due from Other Funds" or "Due to Other Funds" on the Balance Sheet - Modified Cash Basis - Governmental Funds.

Interfund transactions:

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as revenue in the fund that is reimbursed.

Use of estimates:

In preparing the County's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues during the reporting period. Actual results could differ from those estimates.

Notes to Basic Financial Statements June 30, 2022

The amount of restricted fund balances restricted by enabling legislation is \$8,207,313.

Notes to Basic Financial Statements June 30, 2022

NOTE 2 – FUND BALANCES, STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued):

Budget procedures:

A budget is prepared for each fund in accordance with the modified cash basis of accounting and legal requirements set forth in the Oregon Local Budget Law. Budget amounts shown in the financial statements include the original and supplemental budget amounts and all appropriation transfers approved by the County Commissioners.

The budget for the General Fund includes capital outlay expenditures in each program for capital outlay applicable to that program. Capital outlay expenditures in other funds, which are not a part of an identifiable program, are reported separately.

The County uses the following procedures in establishing the budgetary data reflected in the financial statements:

- 1. The appointed budget officer develops a proposed budget for submission to the budget committee appointed by the County Commissioners. The operating budget includes proposed expenditures and the means for financing them for the upcoming year, along with estimates for the current year and actual data for the two preceding years.
- 2. After the proposed budget is prepared, the budget officer publishes a "Notice of Budget Committee Meeting" in at least one newspaper of general circulation. At the budget committee meeting, the budget message is delivered explaining the proposed budget and any significant changes in the County's financial position. The budget committee meets thereafter as many times as necessary until the budget document is completed.
- 3. After approval by the budget committee and the required public hearing, and prior to July 1, the budget is adopted by the County Commissioners, and appropriations are enacted by resolution. Appropriations control expenditures in broad categories as required by Oregon Local Budget Law. More detailed classifications of budgeted expenditures are adopted for administrative control purposes. Budget appropriations lapse at year end.
- 4. Management is not allowed to modify the budget without action by the governing body. The governing body is authorized to modify the original budget appropriation ordinance in the following ways:
 - a. Transfer of budget appropriations within a fund are authorized by resolution of the governing body.
 - b. Budget revisions that increase total expenditures in any fund require a supplemental budget to be adopted. If a supplemental budget increases a fund's expenditures by less than 10%, the County can adopt the adoption resolution at a regularly scheduled meeting. If a supplemental budget increases a fund's expenditures by more than 10%, the County can adopt it by publishing a notice five to thirty days before a meeting is held to pass the adoption resolution.

Notes to Basic Financial Statements June 30, 2022

NOTE 2 – FUND BALANCES, STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued):

The county adopted numerous supplemental budgets during the fiscal year.

5. The following funds legally adopt annual budgets:

General fund, all special revenue funds, all capital project funds, all debt service funds, and all internal service funds.

- 6. The agency funds do not adopt annual budgets. These funds are not used to expend funds for County activities or functions.
- 7. Expenditures may not legally exceed budget appropriations at the departmental level of control in most funds. Appropriations are made at various legal levels of control for each fund.
- 8. For budget preparation, capital lease proceeds and related capital outlay expenditures are recorded when the capital lease payments are disbursed.

NOTE 3 – CASH AND INVESTMENTS:

The County maintains a cash management pool for its cash and cash equivalents in which each fund participates. Interest earnings are distributed monthly based on average monthly balances.

Cash:

Demand deposits	\$(1,167,643)		
Money market accounts	644,915		
Total cash	(522,728)		
		Percentage	Weighted Avg.
		of Total	Maturity
Investments:		Investments	(Years)
Oregon Local Government Investment Pool	68,922,068	100%	0.55
Total investments	68,922,068	100%	
Total cash and investments	\$68,399,340		
Total investment portfolio weighted ave	erage maturities		0.55

Cash and investments are reflected in the basic financial statements as follows:

Cash and investments - governmental activities	\$66,450,672
Statement of fiduciary net position	1,948,668
	\$68,399,340

Notes to Basic Financial Statements June 30, 2022

NOTE 3 - CASH AND INVESTMENTS (continued):

Custodial Credit Risk - Deposits

Custodial credit risk on deposits is the risk that in the event of a bank failure, the County's deposits may not be returned to it. Oregon Revised Statutes Chapter 295 governs the collateralization of Oregon public funds and provides the statutory requirements for the Public Funds Collateralization Program (PFCP). ORS 295 requires the qualified depository to pledge collateral against any public funds deposits in excess of deposit insurance amounts set by the FDIC. The County maintains its funds at financial institutions deemed to be qualified depositories by the Office of the State Treasurer; however, the County does not have a formal deposit policy that addresses custodial credit risk. During the fiscal year ended June 30, 2022 the County's bank balances exceeded the \$250,000 FDIC insurance limitation and were therefore exposed to custodial credit risk, to the extent they were not covered by the PFCP.

Interest Rate Risk - Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County investment policy requires that a minimum of 80% of the County's investment portfolio have maturities of 18 months or less and that the remaining 20% of the County's investments must have maturities of 24 months or less. All of the County's investments on June 30, 2022 have maturities of 18 months or less.

Credit Risk - Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. Oregon Revised Statutes authorizes the County to invest primarily in general obligations of the US Government and its agencies, debt obligations of the state of Oregon, California, Idaho, and Washington and their political subdivisions, banker's acceptances, corporate indebtedness, commercial paper, repurchase agreements, time certificates of deposit, fixed or variable life insurance contracts, the State Treasurer's Local Government Investment Pool, among others. The County's investment policy has been approved by the County Commissioners and specifies the County's investment objectives, required diversification, certain limitations and reporting requirements. As of June 30, 2022, the County's investment in U.S. Government agencies is limited to 75% of the portfolio and 50% in any single government sponsored enterprise. The County's investment in the Oregon State Treasurer's investment pool is not rated and is treated as a cash equivalent on the Statement of Net Position.

The State of Oregon Local Government Investment Pool (LGIP or Pool) is not registered with the U.S. Securities and Exchange Commission as an investment company. The Oregon Revised Statutes and the Oregon Investment Council govern the Pool's investment policies. The State Treasurer is the investment officer for the Pool and is responsible for all funds in the Pool. These funds must be invested and the investments managed, as a prudent investor would, exercising reasonable care, skill and caution. Investments in the fund are further governed by portfolio guidelines issued by the Oregon Short-Term Funds Board, which established diversification percentages and specify the types and maturities of investments.

Notes to Basic Financial Statements June 30, 2022

NOTE 3 - CASH AND INVESTMENTS (continued):

Concentration Risk - Investments

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy provides that the maximum that may be invested in any one issuer, as a percentage of the funds total investments, is 100% for U.S. Treasury, 75% for U.S. Government agencies with 50% of this amount in a single government sponsored enterprise, 100% in the State of Oregon Investment Pool or the maximum imposed by state statute, 25% in Certificates of Deposit with 30% of this amount in any single qualified financial institution, 20% for Commercial paper and Commercial notes with 5% of this amount in any one corporation, subsidiaries or affiliates, 25% for State and Local Government Securities, 25% for Repurchase Agreements with 10% of this amount in any single qualified financial institution. On June 30, 2022, the County did not hold investments with any one issuer that exceeded these limits.

Custodial Credit Risk - Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, the government will not be able to recover the value of an investment or collateral securities in the possession of an outside party. The County's investment policy provides that brokers/dealers and financial institutions meet certain qualifications, which are reviewed annually. The Local Government Investment Pool is not subject to custodial credit risk because it is not evidenced by securities that exist in physical or book entry form.

NOTE 4 – SPECIAL ASSESSMENTS:

Special assessments are the result of improvements made to the Nelson Lane Road Local Improvement District, Poverty Flats Road Local Improvement District, and Culp Road Local Improvement District.

Changes to special assessments receivable consisted of the following:

Balance, July 1, 2021 Adjustments	\$	7,842 443
Collections Interest included	7 	
Balance June 30, 2022	\$	8,285

Notes to Basic Financial Statements <u>June 30, 2022</u>

General obligations bonds:

General obligation bonds are direct obligations and pledge the full faith and credit of the County. The County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities.

Series 2005 Limited Tax Pension Bonds:

On September 23, 2005, the County, through participation in the Local Government Pension Bond Pool, issued Limited Tax Pension Obligation Bonds, Series 2005. The County issued these bonds to satisfy its estimated PERS Unfunded Actuarial Liability. The limited tax pension bonds were issued with the principal amount of the issue being \$13,970,000. The bonds carry fixed interest rates ranging from 2.50% to 5.004% with the first payment due June 1, 2006. Principal amounts of the issue are redeemed annually beginning June 1, 2008, with the final coupon payment on June 1, 2028.

Notes to Basic Financial Statements June 30, 2022

NOTE 6 - LONG TERM DEBT (continued):

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending				A	nnual Debt
June 30,	Principal		Interest		Service
2023	\$ 1,110,000	\$	383,557	\$	1,493,557
2024	1,235,000		328,012		1,563,012

2028-2032	 750,000		37,530		787,530
Totals	\$ 7,665,000	\$	1,334,067	\$	8,999,067

Notes payable:

Department of Environmental Quality-Reith Wastewater Project Loan:

The County entered into a contract with the State of Oregon Department of Environmental Quality for a loan in the Clean Water State Revolving Loan Fund during the fiscal year ended June 30, 2005. This revolving loan allows the County to draw funds from the Revolving Loan Fund up to an approved maximum amount for the construction of a new wastewater collection system for the community of Reith, Oregon. Payments will be due semi-annually including interest at 2.47 percent of the outstanding balance for twenty years from the date of the first disbursement. The County's drawn-upon loan balance was \$381,000. The loan is required to have a loan reserve equal to 100% times one-half of the average annual debt service based on the final repayment schedule. At this time, the reserve is estimated to be \$12,306, which is required to be held by the County in segregated loan reserve account.

Notes to Basic Financial Statements June 30, 2022

NOTE 6 - LONG TERM DEBT (continued):

Oregon Public Works Fund-EOAF Detoxification Center Loan:

The County entered into a contract with the State of Oregon Economic Community Development Department for a loan in the Special Public Works Loan Fund during the fiscal year ended June 30, 2008. This loan was for the construction for the Eastern Oregon Alcoholism Foundation's Detoxification Center project. Annual payments of \$22,186 will be due including interest at 3.71 percent of the outstanding balance for twenty five years. The total funds drawn were \$313,908.

Future maturities of notes payable principal and interest consist of the following:

Year Ending					A	nnual Debt
June 30,	Principal			Interest		Service
2023	\$	39,259	\$	9,625	\$	48,884
2024		39,927		8,099		48,026

Totals	_\$_	246,942	_\$_	35,404	\$	282,346

Notes to Basic Financial Statements June 30, 2022

NOTE 7 - COMMITMENTS AND CONTINGENCIES:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal and state government. Any unforeseen disallowed claims, including amounts already collected, could become a liability of the General Fund or other applicable funds. Management believes that adjustments, if any, will not materially affect the County's financial position.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of County Counsel the resolution of these matters will not have a material adverse effect on the financial condition of the County.

NOTE 8 - INTERFUND TRANSACTIONS:

During the course of normal operations, the County has numerous transactions between funds including expenditures and transfers of resources primarily to provide services. The governmental and proprietary funds financial statements generally reflect such transactions as transfers. All transfers are routine in nature.

The following are the County's interfund transfers for the year ended June 30, 2022:

Transfer From	Transfer To	Purpose	Amount
General	Human Services	To supplement operations	1,500,000
General	911 Dispatch	To supplement operations	637,407
General	Fair	To supplement operations	100,000

		Total	\$ 12,650,775

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM:

Because the financial statements have been prepared on a modified cash basis of accounting, pension liabilities and the related deferred inflows and outflows of resources have not been recorded in the financial statements. Pension expenditures are recorded when the disbursements are made. If the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the following information would have been included:

The Oregon Public Employees Retirement System consists of a single cost-sharing multiple employer defined benefit pension plan, which provides pension, death and disability benefits.

Tier One/Tier Two Retirement Benefit (Chapter 238).

Tier One/Tier Two Retirement Benefit plan is closed to new members hired on or after August 29, 2003.

Pension Benefits

The PERS retirement allowance is payable monthly for life. The basic benefit is based on years of service and final average salary. Generally, a percentage (2.0 percent for police and fire employees, 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for police and fire members). General service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier Two members are eligible for full benefits at age 60.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, if certain conditions are met.

Disability Benefits

Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.

Benefit Changes After Retirement

Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments.

Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2016 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and 0.15 percent plus \$750 on annual benefits above \$60,000.

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

OPSRP Pension Program (ORS Chapter 238A)

Pension Benefits.

The Pension Program provides benefits to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are based on years of service and final average salary.

For police and fire, 2.0 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for police and fire member, is age 60 or age 53 with 25 years of retirement credit.

For general service, 1.67 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

Disability Benefits

A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes After Retirement

Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2016 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and \$750 plus 0.15 percent on annual benefits above \$60,000.

OPSRP Individual Account Program (OPSRP IAP)

Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits

Upon the death of a non-retired member, the beneficiary will receive equal to one half of the retirement benefit that would have been available to the member on the later date of death or date of earliest retirement eligibility.

Recordkeeping

PERS contracts with VOYA Financial to maintain IAP participant records.

Contributions:

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. Employer contribution rates during the period were based on the December 31, 2019 actuarial valuation. Covered employees are required to contribute 6.00% of wages and the employer is required to contribute 20.46% of Tier 1/Tier 2 wages, 14.31% of OPSRP general service wages, and 18.67% of OPSRP police and fire wages. The County pays the 6% on behalf of the employee.

The employer contributions rates effective July 1, 2021, through June 30, 2023, were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years.

Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources:

At June 30, 2022, the County reported a liability of \$18,284,252 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. At June 30, 2021, the County's proportion was 0.15279558%, which was lower than its proportionate share measured as of June 30, 2020 which was 0.15352442%.

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Actuarial Valuations:

The employer contribution rates effective July 1, 2021, through June 30, 2023, were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

Actuarial Methods and Assumptions Used in Developing Total Pension Liability:

Valuation Date December 31, 2020

Experience Study Report 2020, published July 2021

Actuarial cost method Entry Age Normal

Amortization method Amortized as a level percentage of combined payroll. Tier One/Tier

Two UAL is amortized over 20 years and OPSRP pension UAL is

amortized over 16 years.

Asset valuation method Market value of assets, excluding reserves

Actuarial assumptions:

Inflation rate 2.40 percent
Investment rate of return 6.90 percent
Projected salary increases 3.40 percent

Mortality Healthy retirees and beneficiaries:

RP-2000 Sex-distinct, generational per Scale BB, with collar

adjustments and set-backs as described in the valuation.

Active members:

Mortality rates are a percentage of healthy retiree rates that vary by

group, as described in the valuation.

Disabled retirees:

Mortality rates are a percentage of the RP-2000 sex-distinct,

generational per Scale BB, disabled mortality table.

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources (continued):

For the year ended June 30, 2022, the County recognized pension expense of 2,494,814, and reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred		
	(Outflows of	Def	ferred Inflows
		Resources	of Resources	
Difference between expected and actual experience	\$	1,711,526	\$	i.e.
Changes of assumptions		4,577,099		48,120
Net difference between projected and actual earnings on				
investments		<u> </u>		13,535,690
Changes in proportional share		924,246		231,457
Differences between employer contributions and employer's				
proportional share of system contributions				1,409,977
Contributions subsequent to measurement date		3,086,670		=:
Total as of June 30, 2022	\$	10,299,541	\$	15,225,244

Amounts reported as deferred outflows or inflows of resources related to pension will be recognized in pension expense/(income) as follows:

Deferred Outflow/(Inflow) of Resources (prior to post-

	measurement date			
Fiscal Year ended	cc	ontributions)		
June 30, 2023	\$	(1,415,201)		
June 30, 2024		(1,582,856)		
June 30, 2025		(2,021,038)		
June 30, 2026		(3,364,220)		
June 30, 2027	Character	370,942		
Total	\$	(8,012,373)		

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Actuarial Methods and Assumptions Used in Developing Total Pension Liability (continued):

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far in to the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2018 Experience Study which reviewed experience for the four-year period ending on December 31, 2018.

Discount Rate:

The discount rate used to measure the total pension liability was 6.90 percent for the Defined Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Assumed Asset Allocation:

Asset Class/Strategy:	Low Range	High Range	OIC Target
Debt Securities	15.0	25.0	20.0
Public Equity	27.5	37.5	30.0
Private Equity	14.0	21.0	20.0
Real Estate	9.5	15.5	12.5
Alternative Equity	7.5	17.5	15.0
Opportunity Portfolio	. ≡ .	3.0	≅ 0
Risk Parity	·	2.5	2.5
Total			100.0 %

Long-Term Expected Rate of Return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in July 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The following table shows Milliman's assumptions for each of the asset classes in which the plan was invested at the time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Long-Term Expected Rate of Return (continued):

		Compound Annual Return
Asset Class	Target	(Geometric)
Global Equity	30.62 %	5.85 %
Private Equity	25.50	7.71
Core Fixed Income	23.75	2.73

Oregon PERS produces an independently audited CAFR which can be found at: http:///www.oregon.gov/pers/Documents/Financials/CAFR/2021-ACFR.pdf

Notes to Basic Financial Statements June 30, 2022

NOTE 9 - PENSION PLAN - OREGON PUBLIC EMPLOYEES RETIREMENT SYSTEM (continued):

Changes in Plan Provisions:

GASB 68 requires employers to briefly describe any changes between the Measurement Date and the employer's reporting date that are expected to have a significant effect on the employer's share of the collective Net Pension Liability, along with an estimate of the resulting change, if available. We are not aware of any changes that meet this disclosure requirement.

NOTE 10 - DEFERRED COMPENSATION PLAN:

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The County funds all amounts of compensation deferred under the plan, at the direction of the covered employee, through investments in fixed and variable rate annuity contracts underwritten by insurance companies. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the County subject only to the claims of general creditors. Participants' rights under the plan are equal to those of general creditors in an amount equal to the fair market value of the deferred amount of each participant.

The County has no liability for losses under the plan, but does have the duty of due care that would be required of an ordinary prudent investor. The County believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

NOTE 11 - POST EMPLOYMENT HEALTH CARE PLAN:

The County operates a single-employer retiree benefit plan which provides medical benefits insurance for retirees and their dependents under the age of 65. There are approximately 310 active employees and 5 eligible retired members in the plan. Eligible retirees pay the same premium for the medical benefit insurance as active employees, which results in an implicit subsidy and an OPEB liability.

The contribution requirements of plan members are established by and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis. The most recent active member monthly premiums for the County and plan members are \$1,011 for single coverage and \$2,925 for family coverage. The same monthly premiums apply to retirees. For the year ended June 30, 2022, the retired employees contributed \$64,232 to the plan.

Notes to Basic Financial Statements June 30, 2022

NOTE 11 - POST EMPLOYMENT HEALTH CARE PLAN (continued):

Because the financial statements have been prepared on a modified cash basis of accounting, other postemployment benefit (OPEB) liabilities and the related deferred inflows and outflows of resources have not been recorded in the financial statements. OPEB expenditures are recorded when the disbursements are made. If the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the following information would have been included:

The County's annual other postemployment benefit (OPEB) liability is determined using the normal actuarial cost allocation method in accordance with the parameters of GASB Statement No. 75. In addition, GASB 75 requires that the allocation of costs for accounting purposes be made as a level percentage of employee's projected pay, including future anticipated pay increases. The following table shows the total OPEB liability as of June 30, 2021 and June 30, 2022 and shows the discount rate and other key actuarial assumptions used on each measurement date. The total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected forward to the measurement date.

	Year Ended June 30, 2021			Ended June 30, 2022	
Total OPEB liability		2,385,361	\$	2,564,311

Notes to Basic Financial Statements June 30, 2022

NOTE 11 - POST EMPLOYMENT HEALTH CARE PLAN (continued):

The following table shows the changes in net OPEB liability from June 30, 2021 to June 30, 2022:

	Increase (Decrease) Total		
Balance as of June 30, 2021	\$	2,385,361	
Changes for the year:			
Service cost		192,568	
Interest on total OPEB liability		56,094	
Effect of changes to benefit terms		-	
Effect of economic/demographic gains or losses		9 <u>2</u>	
Effect of assumptions changes or inputs		10,181	
Benefit payments		(79,893)	
Balance as of June 30, 2022	\$	2,564,311	
	-		

The following presents the total OPEB liability of the Plan, calculated using the disclosure discount rate, as well as what the Plan's total OPEB liability would be if it were calculate using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate. A similar sensitivity analysis is then presented for changes in the healthcare cost trend assumption.

			Cur	rent Discount		
	19	% Decrease		Rate	1	% Increase
Total OPEB Liability	\$	2,777,982	\$	2,564,311	\$	2,365,274
	19	% Decrease	Curre	ent Trend Rate	1	% Increase
Total OPEB Liability	\$	2,273,402	\$	2,564,311	\$	2,907,633

Notes to Basic Financial Statements June 30, 2022

NOTE 11 - POST EMPLOYMENT HEALTH CARE PLAN (continued):

The annual OPEB expense is an accounting item designed to recognize certain changes to the Total OPEB Liability in the current period income statement. Additionally, changes to the total OPEB Liability not fully recognized in a given year's OPEB expense will be tracked as deferred inflows and outflows, and recognized incrementally in the OPEB expense over time. The following table shows the OPEB expense for the fiscal year ending June 30, 2022.

	-	y 1, 2021 to e 30, 2022
Service cost	\$	192,568
Interest on total OPEB liability		56,094
Recognition of Deferred (Inflows)/Outflows of Resources		
Recognition of economic/demographic (gains) or losses		35,379
Recognition of assumptions changes or inputs		(78,315)
Balance as of June 30, 2022	\$	205,726

The following shows the total deferred inflows and outflows of resources as of June 30, 2022, along with a schedule showing the amounts that will be recognized in future years.

	Defe	erred Inflows	Deferred		
	of	Resources	Outflows of		
Difference between expected and actual experience	\$	(141,186)	\$	288,854	
Changes of assumptions or inputs		(561,800)		67,297	
Benefit payments) <u>=</u>		84,317	
Total as of June 30, 2022	\$	(702,986)	\$	440,468	

Other amounts currently reported as deferred outflows of resources and deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

Year ended June 30:	Annual recognition		
2023	\$	(42,936)	
2024		(42,936)	
2025		(42,936)	
2026		(42,936)	
2027		(30,361)	
Thereafter		(144,730)	
	\$	(346,835)	

Notes to Basic Financial Statements June 30, 2022

NOTE 12 - RETIREMENT HEALTH INSURANCE ACCOUNT (RHIA):

Because the financial statements have been prepared on a modified cash basis of accounting, other postemployment benefit (OPEB) liabilities and the related deferred inflows and outflows of resources have not been recorded in the financial statements. OPEB expenditures are recorded when the disbursements are made. If the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the following information would have been included:

Plan description:

ORS 238.420 established the Retirement Health Insurance Account (RHIA) and authorizes a payment of up to \$60 from RHIA toward the monthly cost of health insurance for eligible PERS members. RHIA is a cost-sharing multiple-employer Other Postemployment Benefit (OPEB) plan. The plan was closed to new entrants hired on or after August 29, 2003. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan.

Contributions:

PERS employers contributed 0.06 percent of PERS-covered salaries for Tier One and Tier Two members to fund the normal cost portion of RHIA benefits. PERS employers contributed 0.39 percent of all PERS-covered salaries to amortize the unfunded actuarial accrued liability.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the County reported an asset of \$409,245, for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2021. The total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2019 and rolled forward to the measurement date of June 30, 2021. The basis for the employer's proportion is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the Plan with the total actuarial contributions in the fiscal year of all employers. At June 30, 2021, the County's proportion was 0.11917433% compared to its proportion of 0.13330269% measured as of June 30, 2020.

Notes to Basic Financial Statements June 30, 2022

NOTE 12 - RETIREMENT HEALTH INSURANCE ACCOUNT (RHIA) (continued):

For the year ended June 30, 2022, the County recognized OPEB income of \$47,258. At June 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Deferred		
	Out	flows of	Inflows of		
	Re	sources	Resources		
Differences between expected and actual experience	\$	*	\$	11,386	
Changes of assumptions		8,052		6,088	
Net differences between projected and actual earnings on		14		97,258	
investments					
Changes in proportionate share		26,777		107	
Contributions subsequent to the measurement date		3,239		-	
Totals as of June 30, 2021	\$	38,068	\$	114,839	
			7-1-1		

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	F	Amounts		
2023	\$	(14,599)		
2024		(12,484)		
2025		(22,204)		
2026	5-1-1-1	(30,723)		
	\$	(80,010)		

Actuarial assumptions:

Experience studies are performed as of December 31 of even numbered years. The methods and assumptions are based on the 2018 experience study, which reviewed the experience for the four-year period ended on December 31, 2018. The Retirement Health Insurance Account is a benefit of the Oregon Public Employees Retirement System. Actuarial methods and assumptions, including the long-term expected rate of return, are the same as reported for the County's pension plan.

Notes to Basic Financial Statements June 30, 2022

NOTE 12 - RETIREMENT HEALTH INSURANCE ACCOUNT (RHIA) (continued):

Discount rate:

The discount rate used to measure the total OPEB liability was 6.90 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at contractually required rates, actuarially determined. Based on this assumption, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount

The following presents the County's proportionate share of the net OPEB liability, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.9 percent) or 1-percentage-point higher (7.9 percent) than the current discount rate (in millions):

	1% Decrease (5.9%)		Current Discount Rate		1% Increase (7.9%)	
Employers' Net OPEB Liability/(Asset)	\$	(361,917)	\$	(409,245)	\$	(449,675)

Oregon PERS produces an independently audited CAFR which can be found at: http:///www.oregon.gov/pers/Documents/Financials/CAFR/2021-ACFR.pdf.

NOTE 13 - DEFERRED OUTFLOWS OF RESOURCES:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The County has only one item that qualifies for reporting in this category. It is the prepaid pension asset related to the Limited Tax Pension bonds (See Note 6) reported in the government-wide statement of net position. This amount is deferred and amortized over the life of the bonds at the same rate the principal of the bonds are paid. This amount does not represent the current balance of the Oregon PERS side account that was set up when the bonds were issued.

Notes to Basic Financial Statements June 30, 2022

NOTE 14 - TAX ABATEMENT AGREEMENTS:

The County has seven programs through which tax abatements are authorized in ORS 285C and 307.

For the year ended June 30, 2022, the County abated taxes as follows:

Tax Abatement Program	County Share of Taxes Abated (in thousands)		In-Lieu and Community Service Fees Collected (in thousands)	
Enterprise Zone	\$	1,631	\$	1,128
Strategic Investment	\$	4,847	\$	5,397
Rural Long Term EZ	\$	800	\$	500
Commercial Facility Under Construction	\$	170		
Food Processing	\$	107		
Housing Authority	\$	4		
Special Assessment Low Income Housing	\$	29		

NOTE 15 - RISK MANAGEMENT:

The county is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage in the prior year.

NOTE 16 – LEASES:

Because the financial statements have been prepared on a modified cash basis of accounting, leases have not been recorded in the financial statements. Lease expenditures are recorded when the disbursements are made. If the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the following information would have been included:

Notes to Basic Financial Statements June 30, 2022

NOTE 16 - LEASES (continued):

Lease Assets

The County leases vehicles for its use in operations and has a total of 24 vehicles leased through BanCorp. Each vehicle is leased for a total of 4 years, with one payment on each due annually. At the end of each lease term, the County has an option to purchase the leased vehicle with a remaining balance of \$1. The County's lease payments are for stated amounts and do not have variable payments or residual value guarantees.

	Balance				Balance
	June 30,				June 30,
	2021	Increases	Decreas	ses	2022

Total lease assets, net	\$ 876,111	\$ 348,031	\$		\$ 1,224,142

Lease Liability

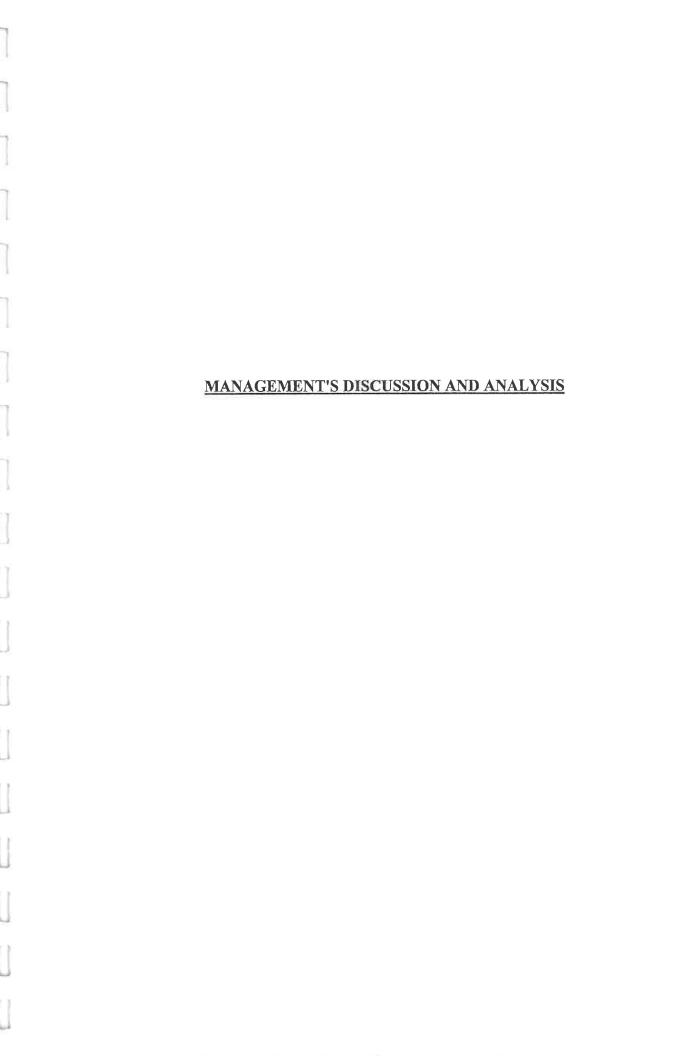

The County's future maturities for lease liabilities are as follows:

Year Ending			
June 30,	Principal	Interest	Total
2023	\$374,765	\$ 36,270	\$411,035
2024	389,757	21,280	411,037
2025	142,266	5,690	147,956
	\$906,788	\$ 63,240	\$970,028

NOTE 17 - SUBSEQUENT EVENTS:

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

The County is in the process of establishing a water project for commercial use in west end of the County. The County has spent \$1,128,717 on this project through June 30, 2022, and expects the project will eventually cost an estimated \$16,000,000. Multiple financing sources are currently being explored and this project is expected to be completed during the fiscal year 2024 or 2025.

Management's Discussion and Analysis June 30, 2022

This discussion and analysis is intended to serve as an introduction to Umatilla County's basic financial statements. It offers the reader an overview of the County's financial activities for the fiscal year ended June 30, 2022. The basic financial statements have three components: government-wide financial statements, fund financial statements, and notes to the financial statements. To further assist readers, this report contains supplementary information in addition to the basic financial statements.

This narrative will focus on significant financial issues and will identify changes in financial position, material changes from the adopted budget, and individual fund issues or concerns.

Management's Discussion and Analysis is designed to focus on the current year's activities, resulting changes and current known facts. It should be read in conjunction with the financial statements that precede this discussion and analysis.

Financial Highlights

The assets of Umatilla County primary government exceeded its liabilities at June 30, 2022 by \$119.7 million (Net Position). Of this amount, \$47.2 million (Unrestricted Net Position) may be used to meet the County's ongoing obligations to creditors and citizens of the County in accordance with Umatilla County's fund designation and fiscal polices.

The County's total Net Position increased by \$13,710,410 during the fiscal year ending June 30, 2022.

Overview of the Basic Financial Statements

Government-Wide Financial Statements—The government-wide statements are designed to provide readers with a broad overview of the County's finances in a presentation similar to a private sector business. The statements in this section are the Statement of Net Position and the Statement of Activities.

The Statement of Net Position presents information on the County primary government assets and liabilities with the difference between the two reported as net position. It uses a modified cash basis of accounting to focus on resources available for future operations.

Management's Discussion and Analysis June 30, 2022

As viewed over time, increases or decreases may serve as an indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities focuses on gross and net costs of County activities and the extent to which the activities are self-supporting or require assistance from general revenues including property taxes. This statement also uses a modified cash basis for reporting, which incorporates net fixed assets, including depreciation, and long-term debt.

The Statement of Net Position and the Statement of Activities both distinguish functions of the County that are principally supported by taxes and governmental revenues (governmental activities). The governmental functions of the County include general government, public safety, highways and streets, culture and recreation, education, and health. The County has no business-type activities.

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the fund statements is major governmental funds. Of the 49 funds maintained by the County, 48 are characterized as governmental and the remaining fund is considered a proprietary fund. Unlike the government-wide statements, the governmental funds financial statements focus on current sources and uses of spendable resources, as well as spendable resources available at the end of the fiscal year. This information may be useful in evaluating a government's short-term financing decisions.

The governmental funds include the General Fund, forty two special revenue funds, three debt service funds, and two capital project funds.

Governmental Funds - Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Because the focus of the governmental funds is narrower than that of the government-wide statements, it is useful to compare information presented for governmental funds with similar information presented for governmental activities in the government-wide statements.

Management's Discussion and Analysis June 30, 2022

Both the governmental balance sheet-modified cash basis statements of assets, liabilities and equity and the governmental fund statements of revenues, expenditures and changes in fund balance-modified cash basis provide a reconciliation to assist in the comparison between governmental funds and governmental activities.

Of the 48 governmental funds maintained by the County, two are considered to be major funds: the General Fund and the Public Works Fund. The governmental fund statements focus separately on these major funds presenting each in its own column and combining the remaining funds into a column titled "other governmental funds".

Proprietary Funds—The County maintains one type of proprietary fund, an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses its internal service fund to account for internal financing activities of its vehicle fleet. As this service predominately benefits governmental services, it has been included within governmental activities in the government-wide financial statements.

Fiduciary Funds—Fiduciary funds are used to account for resources held in trust for the benefit of parties outside the government. Fiduciary funds are not presented in the government-wide financial statements because the resources are not available to support the county's programs.

Notes to the Financial Statements—The notes provide additional information that is essential to a full understanding of the presentation provided in the government-wide and fund financial statements. The notes can be found immediately following the basic financial statements.

Other Supplemental Information—This section will provide the reader with additional information about the non-major governmental funds in the combining schedules of assets, liabilities and equity, and of revenues, expenditures and changes in fund balances. Also included is budgetary information for all funds.

Other supplemental information is available on County compliance and internal controls as required by Oregon statutes.

Management's Discussion and Analysis June 30, 2022

Government-Wide Financial Analysis Exhibit 1 STATEMENT OF NET POSITION (Dollars in Thousands)

Net position, ending	\$119,693	\$ 105,983	\$ 94,122	

39.48% of the balance of net position or \$47.25 million, is considered unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.

Management's Discussion and Analysis June 30, 2022

The largest portion of the County's net position 44.49% reflects its investment in capital assets (land, buildings, equipment, improvements, construction in progress and infrastructure), less any related debt. The County uses these assets to provide services to the people of the County; consequently these assets are not available for future spending. Although the investment in its capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided by other sources, since the capital assets themselves cannot be used to liquidate this liability.

Governmental Funds Financial Analysis

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of Umatilla County's governmental funds is to provide information on near-term inflows, outflows, and balance of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, Umatilla County's governmental funds reported combined ending fund balances of \$65.8 million, an increase of \$15,163,109 when compared to the previous year. The majority of the combined fund balances is reserved or committed and only available for spending within the designated funds and/or policies.

The Combined General Fund and the Public Works Fund are considered major funds by the County. These major funds account for 55.2% of the combined governmental fund balances.

The major funds account for 64.2% of total governmental revenues and 58.9% of total governmental expenditure.

Public Safety and Health programs account for 47.8% of all governmental expenditures.

Management's Discussion and Analysis June 30, 2022

General Fund: The Combined General Fund is the chief operating fund for Umatilla County. At the end of the year, the fund balance of the Combined General Fund was \$28.1 million. As a measure of the General Fund's liquidity, it may be useful to compare the fund balance to total fund expenditures. The ending fund balance represents 95.4% of total combined general fund expenditures for the fiscal year ending 2022. The net change in the fund balance for the Combined General Fund was a \$4,209,943 increase.

Property tax is a significant revenue source for the General Fund. The year's collections represent 50.1% of total Combined General Fund revenues.

Public Works Fund. The Public Works Fund's primary source of revenue is the gas tax distributed by the State of Oregon. Gas tax receipts were \$7.82 million, compared to \$6.52 million the prior year.

The Public Works Fund revenues exceeded expenditures by \$220,930 in the current year.

General Fund Budgetary Highlights

The County made several revisions to the original General Fund appropriations adopted by the Board of Commissioners for the 2021-22 fiscal year. The adjustments were needed to increase expenditures for the difference in adopted revenue and revised revenue budget. These revisions resulted in a 3.6% increase in General Fund appropriations.

General Fund revenues exceeded the adjusted budget by \$3,578,050 and expenditures were \$4,550,627 under budget.

Management's Discussion and Analysis June 30, 2022

Exhibit 3

OUTSTANDING DEBT AT YEAR END (Dollars in Thousands)

2020

	2022	2021	2020
Limited tax bonds	\$ 7,665	\$ 8,655	\$ 9,535

Capital leases	2	217	240_
Total	\$ 7,912	\$ 9,153	\$ 10,089

The County sponsored a new wastewater collection system for the community of Reith. As part of that project the County entered into a contract for a loan from the Oregon Department of Environmental Quality in the year ended June 30, 2005. The project was completed in 2007-2008. The loan had a limit of \$381 thousand and payments commenced six months after project completion on a semi-annual basis. The Reith Sanitary District will pay the County back on the 20-year loan. Please see notes to basic financial statements for additional information.

Additionally, in 2008 the County constructed a new building with a construction loan of \$314 thousand.

Total County debt outstanding represents .10% of county real market value.

Economic Factors and Next Year's Budget

Oregon's seasonally adjusted unemployment annual rate has decreased over the last year from 3.8% to 3.5%, and is slightly lower than the U.S. rate of 3.6%. However, Oregon has typically trailed the U.S. rate over the last ten years leading to a shortfall of income taxes in the state and a continuing budget crisis. State programs operated by the County, particularly in areas of health and public safety, are always subject to reduction in the State's budget balancing exercise. The County continues to conservatively budget its resources.

Management's Discussion and Analysis June 30, 2022

Capital Assets. Umatilla County's investment in capital assets for its governmental activities amounts to \$53.5 million (net of accumulated depreciation). The investment in fixed assets includes land, buildings, equipment, infrastructure (roadways and bridges) and construction in progress.

Additional information on Umatilla County's fixed assets can be found in the notes to the financial statements, immediately following the basic statements.

Exhibit 3
FIXED ASSETS AT YEAR END
(Dollars in Thousands)

	2022	2021	2020	
Non-depreciable assets:	Ф. 1.210	Ф 1212	ф 1.21 2

Accumulated Depreciation	(126,020)	(121,275)	(116,915)	
Total general fixed assets	\$ 53,489	\$ 55,374	\$ 59,284	

Debt Administration. At the end of the current fiscal year, Umatilla County had total debt outstanding of \$7.9 million. Of this amount \$7.7 million is comprised of the Limited Tax Pension Bonds issued in 2005 and \$247 thousand is comprised of notes backed by the full faith and credit of the County.

Limited Tax Pension Bonds. The Pension Bonds were issued to address the County's estimated PERS unfunded actuarial liability in 2005. The 5% of real market value statutory limitation on pension bonds is well in excess of outstanding debt.

Management's Discussion and Analysis June 30, 2022

The County's unemployment rate (not seasonally adjusted) decreased over the past year from 5.1% to 3.8%. The County enjoys certain economic advantages: location on both east-west and north-south major highway systems, available water and rail transportation, natural gas transmission lines, and an electrical transmission grid.

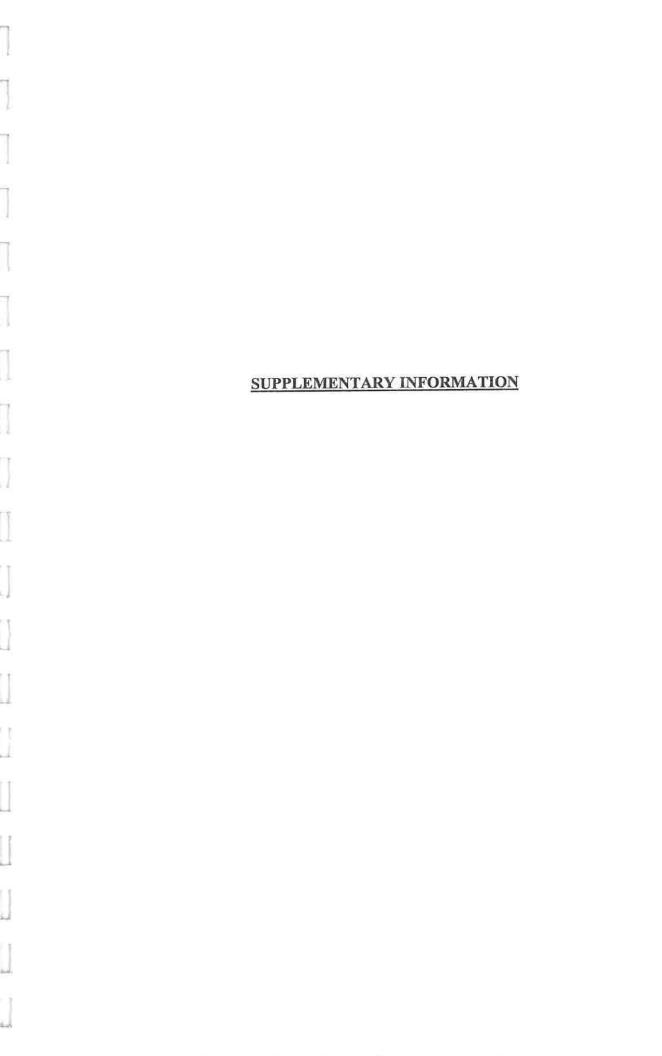

A beginning fund balance of \$6.0 million was projected for the General Fund in the 2022 budget. The actual beginning fund balance was \$10.3 million.

The certified property tax base continues to grow. The tax base for 2021-22 grew at a 5.78 rate over the prior year.

Next year's adopted operating budget is \$8.78 million higher than the 2022 operating budget. The General Fund requirements have been projected \$3.62 million above that of the previous year.

Contact Information

The County's financial statements are designed to provide the user (citizens, taxpayers, customers, investors, and creditors) with a general overview of the County's finances and to demonstrate the County's accountability. If you have questions about the report or need additional financial information, please contact the County's Finance Office at 216 S.E. 4th St., Pendleton, Oregon 97801.

Non-Major Special Revenue Governmental Funds June 30, 2022

These funds account for revenue derived from specific taxes or other earmarked revenue sources which are legally restricted or committed to finance particular functions or activities. Funds included are:

- Bicycle path fund accounts for one percent of State Motor Vehicle fees collected pursuant to ORS 366.514.
- Parks fund accounts for county recreational vehicle registration fees from the State.
- Tax anticipation notes fund budgeted each year in anticipation of a shortfall in resources before the property tax revenues come in as provided by ORS 278A.180.
- Emergency 911 telephone system fund accounts for revenues from the State telephone excise tax and committed revenues from the General Fund and City of Pendleton under an intergovernmental agreement for dispatch of emergency communication services.
- Corrections assessment fund accounts for assessments imposed by a circuit or municipal court or justice court.
- Special transportation fund accounts for grant monies received from the State elderly and disabled special transportation fund.
- Law library fund accounts for law library fees received from the State.
- Records archiving fund accounts for clerk's record fees pursuant to ORS 205.320 for acquiring storage and retrieval systems.
- Tax foreclosed property fund accounts for the receipt and sale of foreclosed properties for delinquent property taxes.
- Human services fund accounts for revenues from the delivery of alcohol, drug, and gambling services.
- Public land corner preservation fund accounts for the collection of recording fees on real property transactions and surveying activities.
- Fair improvement fund accounts for receipts to be applied to the County's obligation for construction of EOTEC.
- EOTEC reserve fund accounts for the accumulated and expending funds deemed necessary for the operation of EOTEC.
- Community corrections fund accounts for grant activities under intergovernmental agreements between the State of Oregon and the County.
- Economic development fund accounts for the receipt of video lottery monies distributed by the State of Oregon.
- County road improvement fund accounts for activities of local improvement districts created by the County under Oregon
- Sheriff marine fund accounts for activities under state grant with Oregon State Marine Board.
- School based health center fund accounts for health care activity at specified school locations within the County.
- Nuisance abatement fund accounts for nuisance abatement activities.
- Extension special equipment fund accounts for the activities of a soil probe truck.

Non-Major Special Revenue Governmental Funds (Continued) June 30, 2022

These funds account for revenue derived from specific taxes or other earmarked revenue sources which are legally restricted or committed to finance particular functions or activities. Funds included are:

- County fair fund accounts for fair and fairgrounds activities.
- County school fund accounts for federal forest reserve revenues.
- Unitary assessment fund accounts for grant activity that supports the Victim/Witness Program.
- Community services development fund accounts for grant activity associated with services to the community and staff development.
- Mediation services fund accounts for mediation services fees.
- Academic Achievements fund accumulates and accounts for funds intended to reward positive academic achievement.
- Juvenile Work Crew fund accumulates proceeds for youth work crews for the benefit of the youth.
- Assessment and taxation fund accounts for the collection of recording fees and interest, pursuant to state law.
- Prepaid taxes fund funds for property taxes that have been collected but not yet assessed.
- CARES program fund accounts for activity under a Memorandum of Agreement between several school districts, the ESD, Head Start, and the County.
- Environment health fund accounts for economic activities for environmental health program under an intergovernmental agreement with the Oregon Public Health Foodborne Illness Program.
- Coalitions of Umatilla County fund accounts for grant activities associated with youth and children services.
- Community Benefits fund accounts for revenue streams under Strategic Investment Program plans.
- Special services fund accounts for costs associated with physical security of the Courts.
- 2050 PLAN fund accounts for costs associated economic development, especially in critical groundwater areas.
- Health Special Programs fund to segregate special programs within the Public Health Dept.
- FPEP reserve fund to fund future needs of the health department.
- GIS equipment reserve fund accounts for costs associated with acquiring needed equipment or other specific purposes in support of the GIS program.
- Assessor technology reserve fund accounts for costs associated with acquiring needed equipment or other specific purposes in support of the assessor's office.
- **Dispatch reserve fund** accounts for costs associated with acquiring needed equipment or other specific purposes in support of the dispatch center.
- NAIFA reserve fund accounts for usage of funds donated by NAIFA.
- Inmate welfare fund accounts for funds intended to benefit inmates.

Non-Major Governmental Funds <u>Debt Service Funds</u> <u>June 30, 2022</u>

DEBT SERVICE FUNDS:

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal or interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds. After repayment of the principal and interest, any receipts remaining are returned to the originating jurisdiction or County General Fund. Funds included are:

- **Debt service fund** accounts for payment of principal and interest on EOAF note for which proceeds are derived from a payment each year from GEODC.
- PERS bond fund accounts for the principal and interest payments on the 2005 Limited Tax Pension Bonds issued to retire the County's PERS unfunded actuarial accrued liability. Revenues are derived from charge backs to departments based on their departmental payroll costs.
- Reith Wastewater fund accounts for the principal and interest payments on the Department of Environmental Quality loan for the Reith Wastewater project.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Umatilla County Pendleton, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Umatilla County, Oregon as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Umatilla County, Oregon's basic financial statements, and have issued our report thereon dated June 6, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Umatilla County, Oregon's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Umatilla County, Oregon's internal control. Accordingly, we do not express an opinion on the effectiveness of Umatilla County, Oregon's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Commissioners Umatilla County Page two

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Umatilla County, Oregon's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AUDIT COMMENTS AND DISCLOSURES REQUIRED BY STATE REGULATIONS

Oregon Administrative Rules 162-010-0000 through 162-010-0330 of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State in cooperation with the Oregon State Board of Accountancy, enumerate the financial statements, schedules, comments, and disclosures as set forth in the preceding sections of this report. Required comments and disclosures related to the audit of such statements and schedules are set forth following.

INDEPENDENT AUDITORS' REPORT REQUIRED BY OREGON STATE REGULATIONS

Board of Commissioners Umatilla County Pendleton, Oregon

We have audited the basic financial statements of Umatilla County, Oregon as of and for the year ended June 30, 2022, and have issued our report thereon dated June 6, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Umatilla County, Oregon's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-0000 through 162-10-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

Board of Commissioners Umatilla County Page two

In connection with our testing nothing came to our attention that caused us to believe that Umatilla County, Oregon was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except the following:

- On June 30, 2022, the County's investment in the Oregon Local Government Investment Pool was \$68,922,068. This amount is over the amount limitation allowed per ORS 294.810.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered Umatilla County, Oregon's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Umatilla County, Oregon's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Umatilla County, Oregon's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

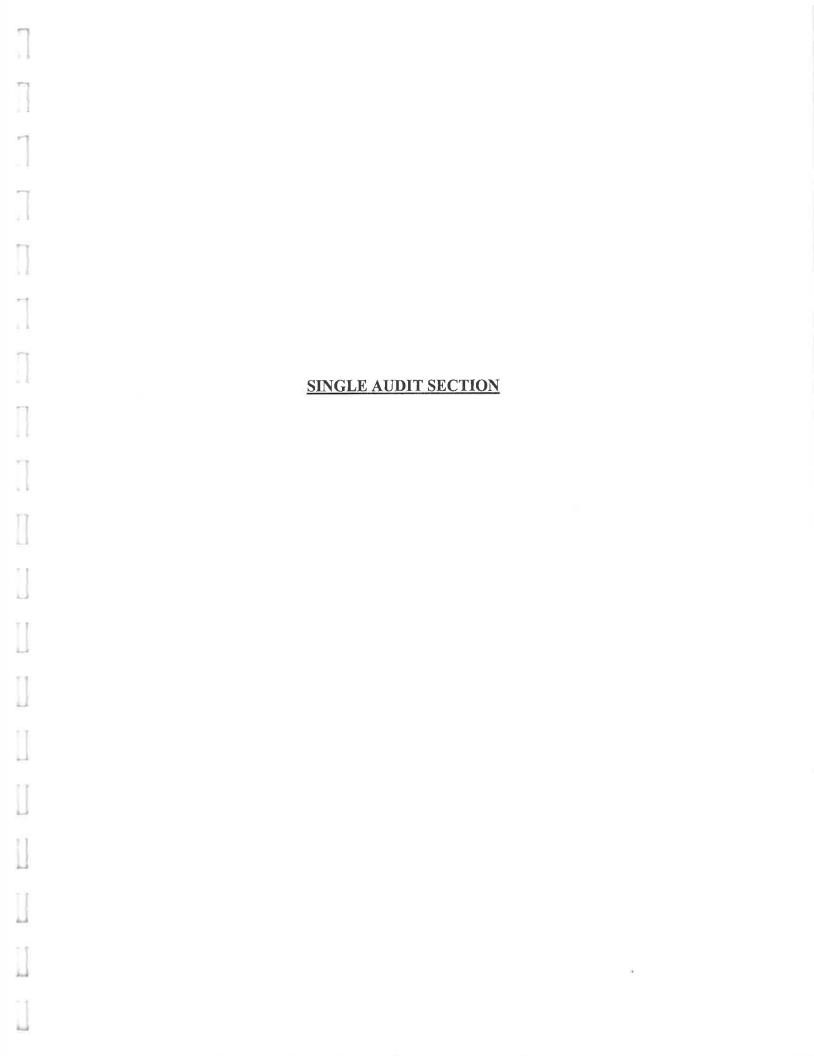

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the County Commissioners, and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these specified parties.

Barnett & Moro, P.C.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2022

NOTE A - BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Umatilla County, Oregon and is presented on the modified cash basis of accounting as described in note 1 to the basic financial statements. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the basis of accounting described in Note 1 to the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

All federal awards received through pass-through agencies with the State of Oregon, with the exception of the Payments in Lieu of Taxes, CFDA #15.226. These amounts are direct awards from the federal government.

Umatilla County, Oregon has elected to use the 10% de minimis indirect cost rate.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners Umatilla County Pendleton, Oregon

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Umatilla County, Oregon's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Umatilla County, Oregon's major federal programs for the year ended June 30, 2022. Umatilla County, Oregon's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Umatilla County, Oregon complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of the major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Umatilla County, Oregon and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide legal determination of Umatilla County, Oregon's compliance with the compliance requirements referred to above.

Board of Commissioners Umatilla County, Oregon Page two

Report on Compliance for Each Major Federal Program (continued)

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements to Umatilla County, Oregon's federal programs. federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Umatilla County, Oregon's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance wen it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involved collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about Umatilla County, Oregon's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standard, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Umatilla County, Oregon's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Umatilla County, Oregon's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Umatilla County, Oregon's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Board of Commissioners Umatilla County, Oregon Page three

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
