

FFA SHOWMANSHIP

Superintendent: Blue Mountain FFA Advisors

RULES

- Members exhibiting livestock are required to make entry for showmanship awards in at least one division their livestock is entered. Members who exhibit livestock and poultry/rabbits must show in a showmanship class for both areas. A showmanship entry may be made for each kind of livestock entered.
- Animals to be shown in the showmanship class must have been shown in a conformation class at which time the superintendent or the judge may eliminate a showmanship entry from showmanship competition.
- Showmanship classes will be divided into Novice and Advance Showmanship. Novice Showmanship includes those exhibitors in Ag 1 & 2. When there are more than 15 entries in each class, the Superintendent will split the entries into two or more classes with not more than 15 entries in each class. The first and second place winners in each Showmanship Class will compete for Champion and Reserve Champion Showmanship for each species of livestock.
- The Champion Showman of each species of livestock (beef, sheep, swine, dairy, and goat) will then compete for the All Around Champion Showman Awards.
- Each contestant will be ranked on a 1-5-point basis by each judge for each species of animal. The individual with the fewest points will be the winner.
- FFA Showmanship Awards: the first place showman in beef, dairy, Sheep, swine, and goat classes will be presented individual awards in the ring. Individual donors will provide these awards.
- Factors to consider when scoring showmanship: Appearance of showman (neat, clean, properly dressed) poise, promptness, calmness, alertness, and attitude of showman. Skill in showing the animal including: continuous attention while showing, controlling and keeping animal placed to advantage, ability to stand the animal, ability to move animal as requested by judge. The Animal: Condition (fleshing), clean, brushing and curling, clipping and brushing, feet and horns, condition of equipment.

Superintendent: Matt Liscom & Chelcee Noland

RULES

- Livestock must pre-enter by.
- Department superintendents have the authority to breakdown or combine division classifications in order to best facilitate the show.
- Refer to Open Class rules, Beef and Youth Show rules.

BREEDING

(American System 1-2-3, Danish System 1st blue, 2nd blue, 3rd blue). If steers and breeding animals are both exhibited, points may be combined to select a winner. For breeding animals, the animal must be registered with papers. This is open to exhibitors with one or more breeding and/or market animals. Winning the trophy in previous years shall not exclude an exhibitor from winning it again. For market steers this award should go to the highest placing predominately black steer, being at least 50% Angus parentage, 50 points. It must be kept in mind that the purpose of this award is the promotion of the Angus Breed. Therefore Angus Breeding should take precedence over market animals.

Hints for Landscape Design

1. Bark dust should be pushed down.
2. Each display needs an attractive border or line on its edges.
3. All pots should be hidden and pots should not be mounded.
4. Plans need to be drawn to scale. Consult Sunset's Landscaping illustrated or Landscaping by Jack E. Ingels.
5. Attention needs to be paid to details. For example, cover plastic tarps, pool edges, and remove bark dust from plant foliage.
6. Water, if used, should make noise.
7. Do not over plant. Plan for some plant expansion.
8. The plan should be adaptable to any backyard area. It should be developed for current and long-term aesthetics.

 Back from left: Roy Kessell, Albert Galavis and Darrel Sallee (owner)

305 N. First St., Hermiston
 1-800-231-5665 • www.autokool.com

In 1981 Auto Kool opened their doors in a service station on Hermiston Ave. From that one man shop, their business has grown to one of the largest heat exchange specialty businesses in the Northwest. Darrel credits their success in being pro active and staying abreast of the latest technology & repair procedures. This is accomplished through their multiple trade associations that they are active in as well as the vast network of contacts he has made in over 40 years in the business.

Keeping current on new repairs & purchases of new equipment has kept Auto Kool in the forefront of their industry.

Their recent alliance with CDS (Clean Diesel Specialists) has allowed Auto Kool to now clean Diesel Particulate Filters (DPF's) which until recently was only offered in larger areas. This cleaning process eliminates the need to replace the DPF at a fraction of the cost of a new unit.

This is just another reason that Auto Kool is the hot spot to get your heat exchange repairs accomplished.
