said Road Commencing at a point at the north East Corner of  
South East Quarter of Sec 7 T5 N R 33 E thence South half  
a mile to the N.E. Corner of Sec 16 T5 N R 33 E Thence on a  
west line to the S.W. Corner of Sec 12 T5 N R 32 E thence

we would further report that we found the Country along line  
of <sup>said</sup> Road very broken and difficult for a good practicable  
Road from the Commencing point to the S.W. Corner of Sec 12 T5  
N R 32 E the above name portion of Road which is the first five  
miles and a half require a large amount of labor to make  
it practicable as a wagon Road the location could be much  
improved and shortened by running down North Juniper Canyon  
where the Road first intersects it running west the road down  
North Juniper Canyon a a good practicable location for said  
Road and is much needed and could be easily kept in repair  
we therefore would recommend the granting of said petition
