Report of Viewers

To the Hon. County Court, Umatilla County, Oregon:

We, the undersigned, your viewers on County road No. 313 would respectfully report, that we met Jno. C. Arnold, County Surveyor, at the time and place specified in our several notices of appointment as viewers and we viewed out and surveyed said road as directed by your Hon. body;

we find the road located upon comparatively good ground and to follow the natural course for a road in that vicinity; we find that there is no road leading in the direction of said road 313, nor in any approximate N. & S. direction in the vicinity of said road 313;

we find that there is, in that vicinity, no outlet to Helix, nor Killian station; nor a road to or from a grain platform at Stanton's place,

we find that the said road 313, will to a great extent supply the foregoing demands and as such is greatly needed by the general public; we therefore recommend that the prayer of the petitioners of said road 313, be granted.
