

NARRATIVE

The purpose of this survey was to set the corners of that parcel belonging to Runey's as described on Page 150 of Book 354 of the Deed Records of Umatilla County. We used as control points the center and South one-quarter corners of Section 3, Township 6 North, Range 35 East, W.M. as set by the county Surveyor's office in 1980. G.M. Newbill did a survey of this property for Dr. Wm.C. Harstad in 1964. None of his points were found other than those for the center and South one-quarter corners. His angle was used to determine the locations for the corners. Fence lines are shown as they exist on the property lines.

- denotes Brass Cap found under P.K. nail, G.M. Newbill found iron bar in 1964, County Surveyor set Brass Cap found in 1980
- denotes Brass Cap found under P.K. nail, G.M. Newbill found iron pin in 1964, County Surveyor set Brass Cap in 1980
- denotes 5/8 in. x 30 in. iron pin with aluminum cap set
