

NARRATIVE:

The purpose of this survey is to stake the East line of Lot 6 so a concrete block fence can be built along it.
 I surveyed this line in a 1978 survey for Ken Sjoren and this survey conforms with that one by a few hundredths of a foot. In this survey I used a monument in Block "A" and a fence corner in a concrete curb in Block "C" and came up with very nearly the same dimensions for Lot 6 as I did in 1978.
 The Northeast corner of Lot 6 falls in a concrete curb so I set an iron rebar 1 foot North of the corner.

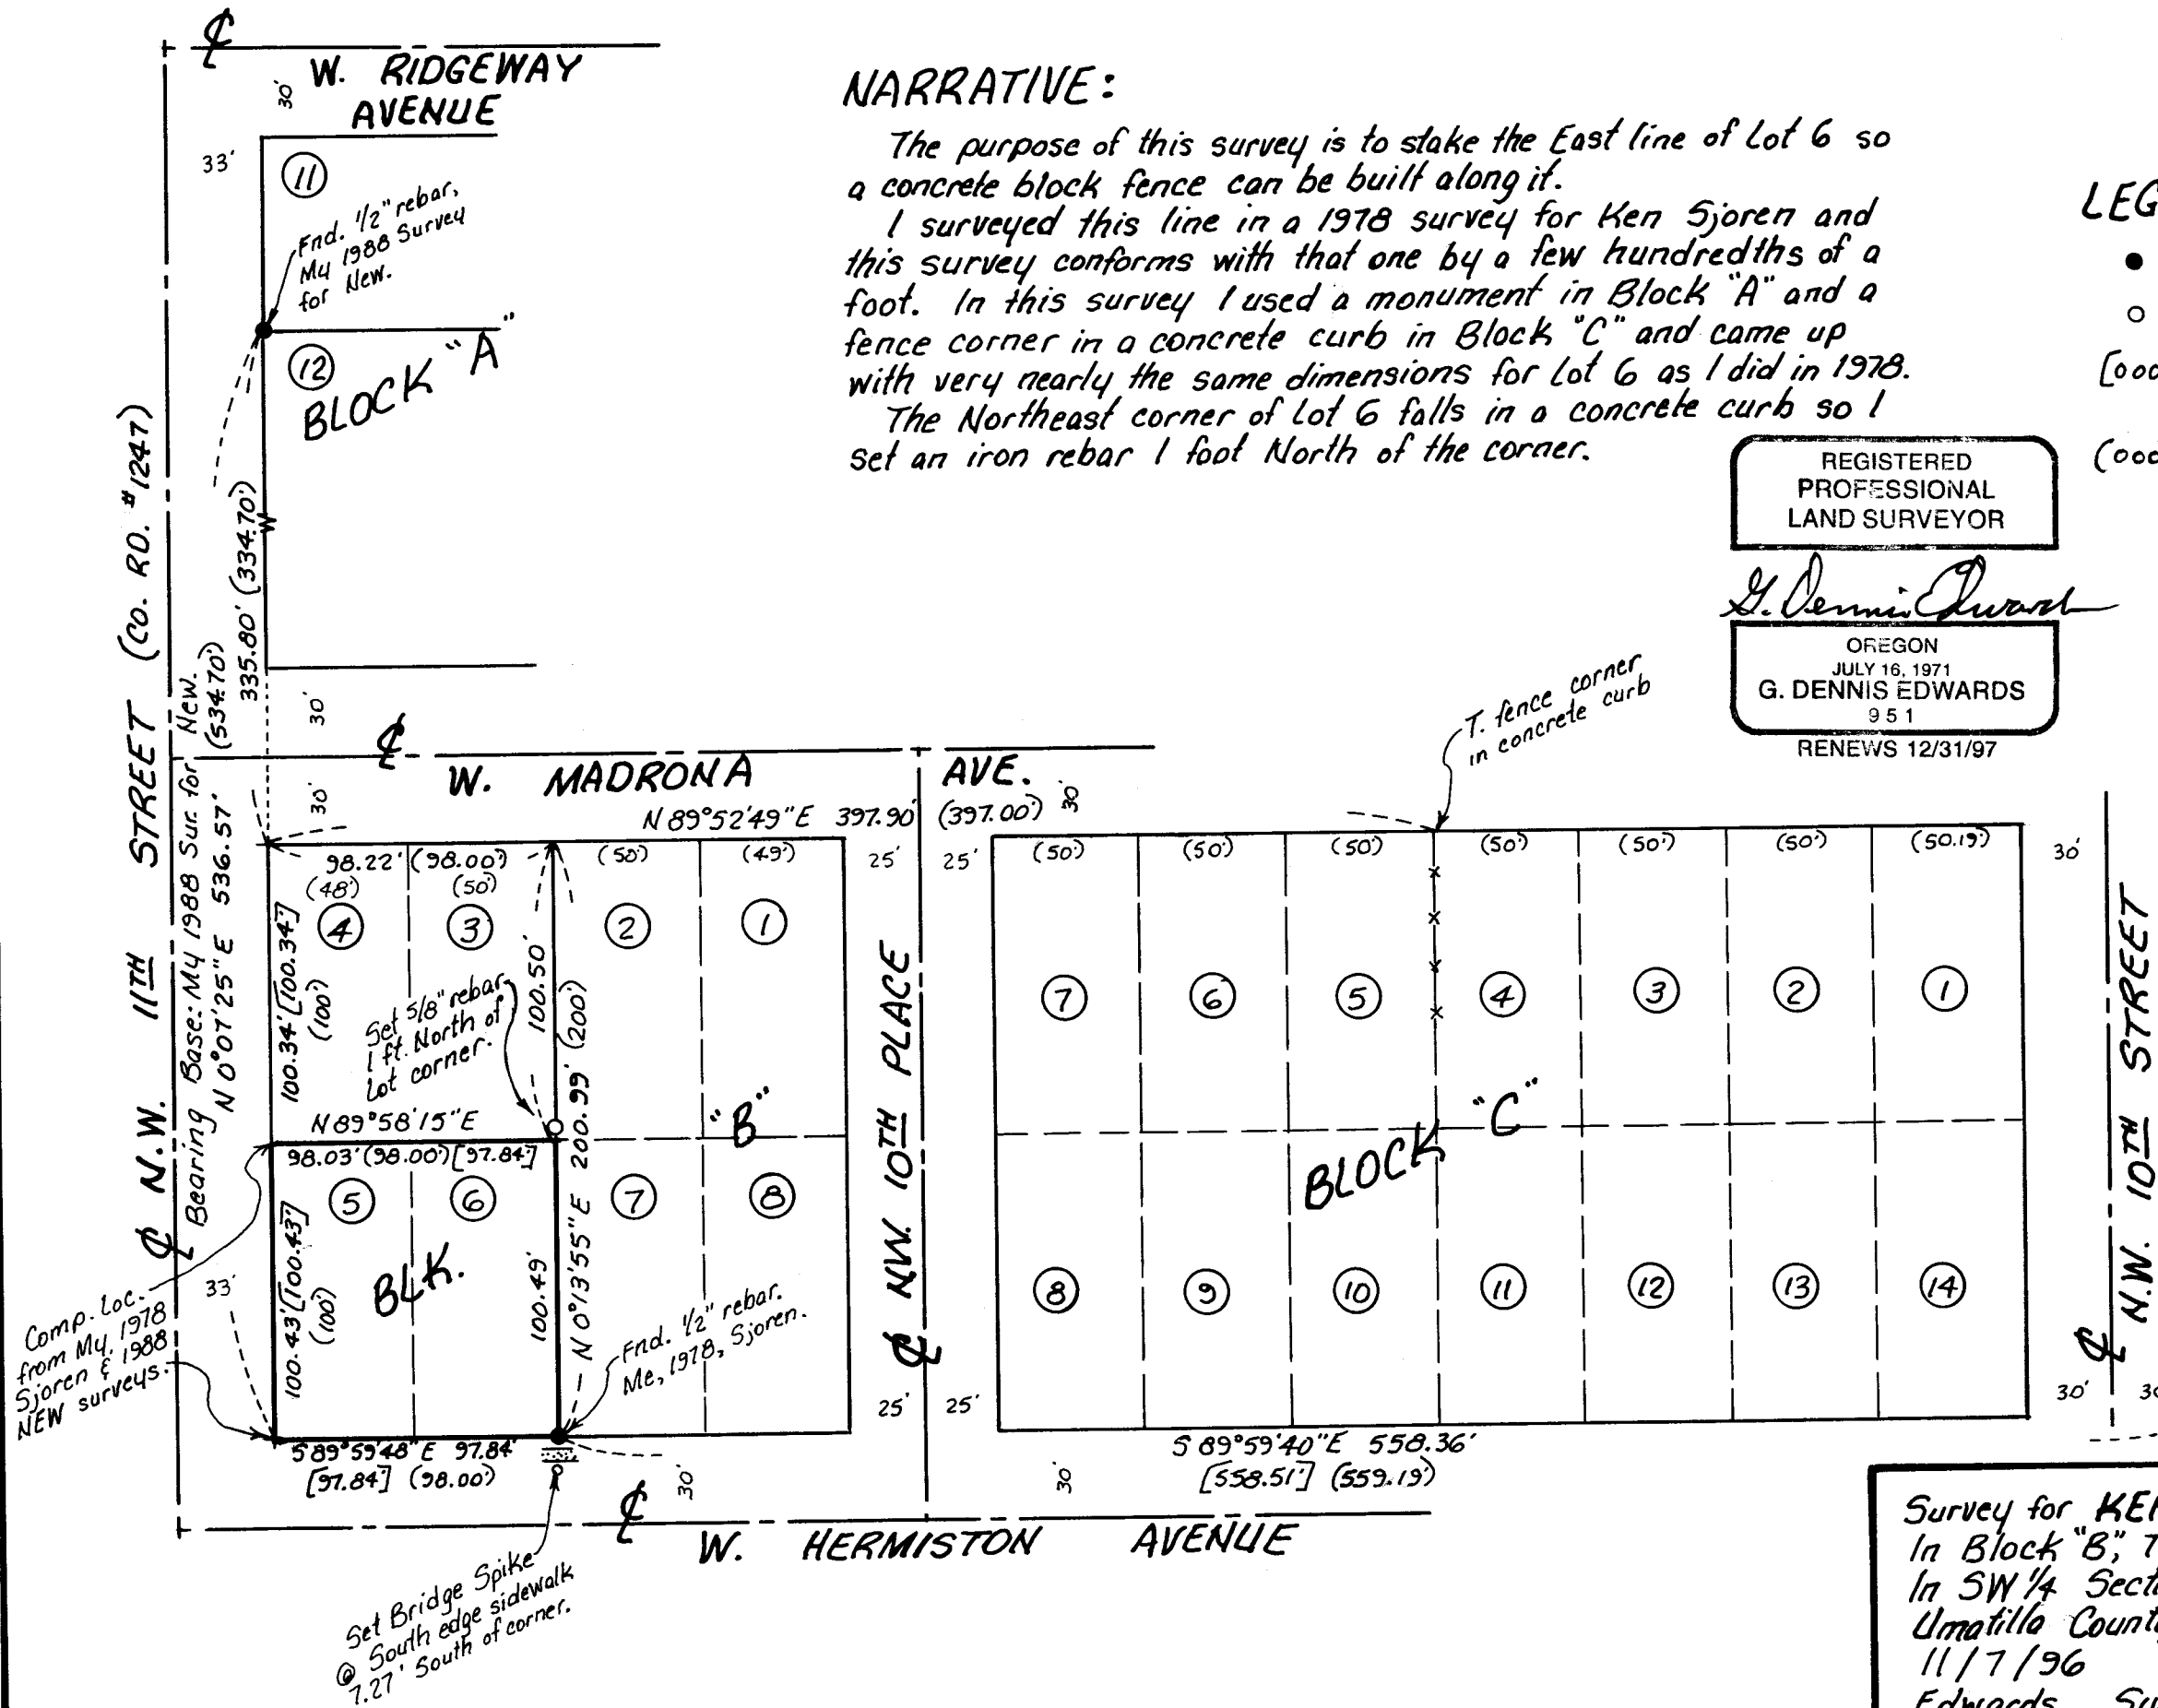

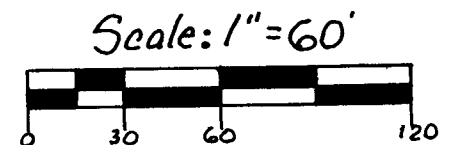

LEGEND:

- Found monuments, as noted.
- Set 5/8" x 30" rebar with plastic cap #951.
- [000] of Record. My 1978 survey for Sjoren.
- (000) of Record. Robnett's original Plat of "THORPE ADDITION," in 1947.
