NARRATIVE OF SURVEY

The purpose of this survey was to locate and monument the boundaries of a homesite for the Umatilla Reservation Housing Authority. The South boundary of the site was located on the South line of Section 28. The East, West and North boundaries of the new homesite are totally within the boundaries of Allotment UM-86 (B). The present survey was made with a 2 man crew using a MAC II H infra-red distance meter and a Wild T-16 theodolite. Bearings for this survey are based on the record bearings between monuments on the West line of Section 30, T2N R33E, W.M., as reported on the 1917 Wilkes survey for the General Land Office. (See survey dated 2/22/82, by PLS 1106, recorded in the County Surveyor's Office).

It should be noted that the surveyed parcel will, in the future, become a Lot in the "Narcisse PUD", a planned unit development under the requirements of the Land Development Code of the Confederated Tribes of the Umatilla Indian Reservation. The "Narcisse PUD" is now under consideration by the Tribal Natural Resources Department.
