

History of original corner establishment:

The original corner was established by Daniel Chaplin on November 19, 1864, under GLO contract No. 107, as follows:

Set a stone 42" x 18" x 15" for the corner to sections 27, 28, 33 and 34.

Description of corner evidence found:

The original corner stone is lying on top of a mound of stones in an east-west fence, 10' west of a rock jack. The stone is 30" x 19" x 12" and is triangular in cross section. The stone is plainly marked with 5 notches on the north edge, one notch on the south edge, 3 notches on the east edge and "28" on the largest, west face.

Description of monument and accessories established to perpetuate the original location of this corner:

In place of the corner stone, I set a 1 1/2" x 30" iron pipe 10" in the ground to bed rock. A 2 1/2" brass cap attached is marked as shown in the diagram above. I place the corner stone horizontally along the south side of the pipe and build a mound of stones around the pipe to the cap, from which:

The south face of a basalt rock outcrop, 20' x 5' high is marked "+" "27" one foot above the base of the outcrop. The "+" bears N15°30'E, 38.1 feet.

A 5/8" x 24" iron rod set 24" into the ground on a high point between two rills, with a 3/4" brass washer, marked "PLS 1636 S34", attached at ground level, bears S47°E, 114.7 feet.

A 5/8" x 24" iron rod set 20" into the ground with a 3/4" brass washer, marked "PLS 1636 S33", attached at ground level, bears S62°30'W, 51.3 feet.

A 5/8" x 24" iron rod set 20" into the ground with a 3/4" brass washer, marked "PLS 1636 S28", attached at ground level, bears N30°W, 54.4 feet.

I hereby certify the above corner point was perpetuated as hereon described on February 23, 1997. Magnetic declination: 20°E.
