### City of Milton-Freewater

Measure No: 30-150

Caption: LOCAL OPTION TAX TO SUPPORT PARKS AND RECREATION FACILITIES

Question: Shall City of Milton-Freewater impose \$100,000 annually for five years for capital projects beginning in FY 24 for recreation facilities? This measure renews current local option taxes.

Summary: The taxes needed for five years total \$500,000, which will be imposed in equal amounts of \$100,000 each year. The taxes will be used to improve, replace or repair city recreation facilities including the Joe Humbert Aquatic Center, Yantis Park Playground equipment, Yantis Park walking trails, Golf Course cart paths, skate park facility, tennis court repairs, ballfields, etc. in the City of Milton-Freewater. It is estimated that the proposed tax will result in a rate of \$0.32 per \$1,000 of assessed value in the first year. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the County Assessor at the time of the estimate and may reflect the impact of early payment discounts, compression and the collection rate.

Helix Park & Recreation District

Measure No: 30-151

Caption: Bonds to improve parks, pools and district facilities

Question: Shall Helix Park & Recreation District issue up to \$1,000,000 general obligation bonds to improve parks, pools and District facilities? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: If approved, bond funds, along with other available funds, would be used to finance the capital costs of improving the safety and efficiency of park, pool and District facilities, including, without limitation, providing funds to:

- \*Design and construct a new pool.
- \*Design and construct a new splash pad.
- \*Design and construct a new pool pumphouse.
- \*Repair and improve existing bathhouse.
- \*Repair and improve existing exterior restrooms.
- \*Pay bond issuance costs.

Bonds would mature in 21-years or less from the date of issuance and may be issued in one or more series. The estimated increase in the tax rate is \$0.37 per \$1,000 of taxable assessed property value. Actual levy rate may differ due to changes in interest rates and assessed values. The estimated tax rate is an estimate only, based on the best information available from the county assessor, regarding taxable assessed values, at the time of the estimate.
