**NARRATIVE:** The purpose of this survey is to partition Don DeMoss's remaining property in the S½ of the NW¼ of Sec. 28, T5N, R29E, lying West of the Cold Springs Drain into six 4 A.C.± parcels & the remainder into a parcel containing a large Barn.

I established the E-W L of said NW¼ from my 1980 survey for Nash et al in which I subdivided Sec. 28. Tom LaGier previously partitioned 4 parcels out of the said S½ of the NW¼ lying West of Cold Springs Drain & made some errors in his 1983 survey which require me to rewrite the description for that parcel.
