Description of corner evidence found:

Found axle with a 3" top on a 1 1/4" by 32" long shaft on West side of an old road, and along an old existing West fence line.

Description of monument and accessories I established to perpetuate the original location of this corner:

The origin of the axle shaft is not known, but it has been used on all surveys in the area. I accept the axle shaft as a perpetuation of the original corner monument.

At the position of the center of the axel shaft, set a 2 1/2" brass cap on a 1 1/4" by 30" galvanized iron pipe 24" in ground, and surrounded with a mound of earth and stone. Buried axel horizontally on the West side of new monument.

Marked 4 new bearing trees:

- A 12" Englemann spruce bears N 71 1/2° E, 29.2', scribed T4N R37E S25 BT.
- A 18" white fir bears N 41° W, 12.1', scribed T4N R37E S26 BT.
- A 15" white fir bears S 55° E, 52.5', scribed T4N R37E S36 BT.
- No close trees to the SW. A 8" white fir bears N 90° E, 51.3', scribed T4N R37E S25 BT.

Placed bearing object signs on all new bearing trees.

Set steel fence post West of corner with a witness corner sign attached.
